Lake Argyle Swim 2019 | Newsletter #1 | October 2018

G'DAY Swim Fans,

Wow! It has already been six months since the last Swim and only six months until the next edition. So get ready: Registrations open at 9am on Thursday 1<sup>st</sup> November 2018 to secure a place for 2019!

## The 2019 First National Kimberley Lake Argyle Swim Saturday 4<sup>th</sup> May 2019

### Get Your Teams Ready for 2019!

Entry spots in the 2019 First National Kimberley Lake Argyle Swim will once again be hot items, so timing is everything. Places will again 'sell-out', so be ready!

Registrations will open **09:00 hours (Western Australian Time) on Thursday 1<sup>st</sup> November 2018.**

Registration places will be split between the 20km and 10km swim distances, and split further between the solo, duo and quad options.

2019 promises to be even bigger and better again, so make sure you are part of the action. Have your team ready and be online when registrations go live!

Click onto [www.lakeargyleswim.com](http://www.lakeargyleswim.com) , go to the “Registrations” page and hit the link to “Register”. Remember: this will not open until 0900 hrs (WA Time) on the 1<sup>st</sup> November 2018.

The registration process will again be easy this year, as we are only seeking the Team Captain’s details initially. Once the team captain has paid and registered your team’s place is assured and we will collect the full team’s details over the following months.

If you are a 10km solo entrant we offer the ‘paddle support only’ category. This initiative is to encourage greater participation for visitors to ‘fly in’ with a mate, without the burden of boat transport. We also get you and your paddler to the 10km start line.

All other teams/solos will again need a paddler and powered boat support, as per previous years. In past events we have had heroic support from local boat owners, kayak owners and paddlers. So if you have competed before, get back in touch with past team members and reform your ‘possie’.

Looking to enter the Lake Argyle Swim for the first time? Get yourself a ‘motley crew’ together, start training and get set for registrations to open.
